To whom it may concern:

Mark 5

Rated capacity indicator / Load moment indicator for mobile cranes

Hardware Control unit: CR 0403 by ifm GmbH, Germany
Hardware Display unit: OPUS A3 by Wachendorff GmbH, Germany

Software Control unit: KST engineering GmbH, Germany
Software Display unit: Kruger Hispana S.A. , Spain
Programming for QUY50: Kruger Hispana S.A. , Spain

Mark 5 is an approved safety system for mobile cranes made by all well-respected manufacturers of telescopic- and lattice boom cranes.

It is suitable for cranes working in construction areas as well as in industrial and harbor areas.

A handwritten signature in black ink, appearing to read 'J. Kerkow'.
